I am a web developer and consultant who is globally minded and drawn to creative environments. I enjoy the process of problem solving and building things, especially with the goal of impactful change.

PROFESSIONAL EXPERIENCE

General Assembly—Washington, DC—*Development Immersive Student*

September - December 2016

- Built fluency in full-stack web development by completing an intensive three-month program focused on delivering best practices in object-oriented programming, MVC frameworks, data modeling, and test-driven development. Projects developed include:
 - **Ciku Languages**-Vocabulary storage and quizzing tool for language learning; built in MEAN Javascript framework
 - **RentMap**-Uses Google Maps API to display rent prices and amenities in zip codes across the US; built in Rails and Javascript
 - **My Harold Team**-Note taking and communication tool for improv teams; built in Ruby on Rails

CGI Federal—Washington, DC—*Consultant*

September 2014 - September 2016

- Implemented USAID's procurement software (Prism) with its broader financial system (Momentum) to secure billions of dollars worth of timely purchases for the client.
- Led initiative to reorganize hundreds of millions of dollars of USAID funding data to ensure that global missions had access to funding during and after internal restructuring
- Co-led process to free up tens of millions of dollars of obligated USAID funding for spending in current and future fiscal years.
- Created a weekly on-site 'open-office' to enhance transparency and communication with the client
- Designed and conducted testing activities for enhancements and custom configuration implemented in the system
- Reacted to ad-hoc process problems for clients on missions around the globe

FabriQate Mobile Technologies—Guangzhou, China—*Business Development Intern*

May-August 2013

- Developed strategic market entry strategies for brands entering the mobile app market in China and the Middle East
- Conducted market analysis and created pitches and presentations to acquire and maintain clients

Dollar Tree Inc—Chesapeake, VA—*Import Logistics Intern*

May-August 2012

- Optimized hundreds of shipment load plans from worldwide vendors to be sent to 11 major ports in the US and Canada
- Analyzed freight expense, carrier performance, and procedural evaluations then compiled into comprehensive reports

LEADERSHIP EXPERIENCE

William and Mary Honor Council—Williamsburg, VA—*Chief Financial Officer*

SPRING 2011 - 2013

- Analyzed casework, evidence, and sat hearings to establish verdicts and sanctions
- Elected by a student body consisting of more than 6000 students
